## Design competition for students and architects

**BIFFI Luce srl,**  
in collaboration with the  
**BEST Department at the Polytechnic of Milan,**  
has organized a competition in a single session with two  
sections, **THE ART OF ILLUMINATING ART** inviting students and pro-  
fessionals to make space to the creativity of professionals in the technical lighting  
sector.

- The first section (*Section A*) is open to first and second level university students of the architecture, engineering and design faculties in the European Union, with a maximum age limit of 25. It relates to a *lighting project for the interiors at the German Pavillon* in Barcelona designed by Mies van der Rohe in 1929 and faithfully rebuilt in 1986. **BIFFI Luce srl** lighting products must be used for lighting the areas.
- The second section (*Section B*) is open to lighting professionals - architects and engineers - inscribed in the respective professional registers and it relates to a *project for a lighting device for interiors*.

The awards total to **8.500,00** euros.

### *Section A - students*

The winner of the competition will be awarded a prize of 2.000,00 euros (two thousand/00). The second place contestant will be assigned a reimbursement of costs of 1.000,00 euros (one thousand/00) and the third place contestant will be assigned 500,00 euros (five hundred/00).
